## Experience

### Frontend Developer – Freelance Projects

*Remote / Sep 2024 – Present*

- Designed and developed multiple responsive UIs using **React** and **Tailwind CSS** for personal and small business clients
- Built reusable components, optimized for performance and accessibility
- Integrated APIs to fetch dynamic product data and implemented routing using **React Router**

### Full Stack Developer – Baroque Dress E-commerce Website

*Self-Directed / Dec 2024 – Feb 2025*

- Developed a full-featured fashion e-commerce site using **React, Node.js, Express, and MongoDB**
- Implemented key features including customer login, product filtering, cart system, order tracking, and admin dashboard
- Designed RESTful backend APIs, handled file/image uploads, used **JWT authentication**, and implemented **role-based access control**

### Admin Dashboard & Analytics – Personal Project

*React & Express / Jan 2025 – Feb 2025*

- Built an admin panel with dashboard charts using **Recharts** to display real-time sales, order volume, and customer stats
- Developed secure admin features to manage users, products, and orders with **protected routes** based on user roles

### Web Development Intern – NAVTTC

*Lahore, Pakistan / March 2024 – June 2025*

- Completed a 3-month internship focused on **PHP, MySQL, and jQuery** development
  - Practiced backend programming with **form handling, validation, and database integration**
  - Built small projects involving **AJAX**, user sessions, and dynamic content updates
- 

## Projects

### Baroque– E-commerce Web App

*React, Tailwind, Node.js*

- Designed modern homepage and product detail pages with dynamic routing
- Added product categories, filters (like fabric, stitched/unstitched), and “Add to Cart” system

### **Student Participation Form – PHP & MySQL**

*HTML, Bootstrap, PHP OOP /*

- Built a PHP-based participation form with data validation and database insertion
  - Applied concepts of class, object, access modifiers, inheritance, encapsulation, and session management
- 

### **Certifications & Courses**

- Web Development Course (HTML, CSS, JS, PHP, React, Laravel) – 2025
  - PHP OOP & MySQL Projects – Hands-on Practice
  - React & Tailwind CSS Crash Courses
- 

### **Technical Skills**

**Languages:** HTML5, CSS3, JavaScript, PHP, SQL

**Frameworks/Libraries:** React, Laravel, Bootstrap, Tailwind CSS, jQuery

**Tools:** Git, VS Code, Postman, Chrome DevTools

**Databases:** MySQL, MongoDB (basics)

**Others:** REST APIs, JWT, Session/Cookie Management, Responsive Design

---

### **Additional**

- Passionate about building elegant UI/UX and solving real-world problems with code
- Open to remote internships, freelance opportunities, and collaborative web projects
